

LPG Training Courses

training and education
moving you forward

This course is aimed to provide participants the opportunity to gain a Nationally Recognised Statement of Attainment in:

- **AURT304270A Service LPG Fuel Systems**
- **AURT304231A Install LPG Fuel Systems**
- **AURT304266A Repair LPG Fuel Systems**

NSW Vocational
Education & Training
Accreditation Board

After obtaining this Statement of Attainment and combining it with your Motor Vehicle Repairers and/or Auto Electrical license you can then apply to gain your LPG repairers licence with the Motor Vehicle Repair Industry Authority to carry out servicing and repair on LPG vehicles and installation of LPG systems.

Please contact The Office of Fair Trading on 9895 0111 to find out more information on licensing.
